University of Bristol

- HTML - C  
Basic static HTML pages.
- CSS - C  
Some basic styling done, mostly text as well as a loading indicator for submitted challenge code.
- JS - C  
Basic javascript work. Some API calls, calling docker, reading writing files, a few simple games.
- PNG - X
- SVG - X
- Server - C  
Some server side setup. Beginnings of work with cookies etc. but nothing completed.
- Database - C  
Database is present, can read write to it but nothing fully wired up.
- Dynamic pages - X
- Depth - 15
